Kerry Community Council has a number of councillors who have been part of the council for a number of years and, prior to the implementation of the mandatory training plan, will have either attended courses or have attained a high competency score based on past experience either in a council or professional role.

The council aim to have a policy of Knowledge Management by sharing knowledge and appointing councillors as Expert/Trained Leads i.e., Planning Lead Councillor who attends courses to fulfil the role and shares the acquired knowledge/skills with the rest of the councillors. This enables the council to harness the expertise developed within the team.

The Council may also utilise the skills of other local community/town councils in order to share/reduce costs.
